

Discussion Prompts for Breakout Session 5

This is only an indicative list of questions. Please feel free to guide the discussion as you consider appropriate.

Action Track 5 - Build Resilience to Vulnerabilities, Shocks, and Stress

- How do we prevent, cope with and mitigate the effects of shocks on vulnerable food systems actors (farmers, fishers, livestock owners)?
 - Social protection and safety net programmes?
 - Government level, community level?
- Can we have food value chains resilient to economic and environmental shocks such as the recession or global pandemics?
 - Production-to-consumption?
 - Local food value chains?
- How do we ensure food security for ecologically vulnerable and socially marginalised communities (such as indigenous farmers, coastal communities and nomadic pastoralists)?
 - Specific strategies?
 - Roles of communities, civil society, Governments?
- Any other suggestions that AT5 must include in its mandate?
- Any suggestions for other Action Tracks?
